Paid	420
Outstanding	16

Trade Payment Data is real life payment experiences gathered from selected third party partners big and small who send us trade payment information on their complete sales ledger.

The Age of Debt Graph highlights the current Age of Debt of a given company. The graph is separated into 5 categories. Generally, Within Terms and 0-30 days are a reasonable time for a company to pay their invoices and showcases good invoice payment whereas anything beyond that is indicative of poor invoice payment.

Share your risk intelligence with over 13,000 Creditsafe contributors and create your Trade Payment story

Payment Analysis

Company: WATCHES OF SWITZERLAND COMPANY LIMITED (UK00019071) Printed By: Jeremy Lovell (101003740) Printed On: 10:50 Tuesday 7th June 2022

Invoice Data & Aged Debt

Average Invoice Value	£9,087
Invoices Available	436
Paid	420
Outstanding	16

Trade Payment Data is real life payment experiences gathered from selected third party partners big and small who send us trade payment information on their complete sales ledger.

The Age of Debt Graph highlights the current Age of Debt of a given company. The graph is separated into 5 categories. Generally, Within Terms and 0-30 days are a reasonable time for a company to pay their invoices and showcases good invoice payment whereas anything beyond that is indicative of poor invoice payment.

CCJ Data Trends

The CCJ Data Trends graph shows the amount of County Court Judgements and their value against the given company. This will allow you to easily assess the effects of a CCJ and what impact it may have on payment performance. This graph also shows the DBT data trends for comparison with the CCJ trends.

Accumulative Invoice Trends

The Accumulative Invoice Trends graph shows the invoice payment trends that a given company has over a period of time. This displays the current on-going payment performance of the company and the ability to predict future payment patterns. Areas that are marked as grey, indicate months where the invoice data for the company is missing. Instead, the averages of the two non-missing points is used instead.

Days Beyond Terms (DBT) Trends

This graph indicates the average Days Beyond Terms (DBT) the company itself takes to pay their invoices. This is also compared to the average DBT of companies in the same county, region and industry. The UK national average is included for your reference.
